Formica's Ideal Bullnose Edge

The smooth, flowing look of a waterfall lends an elegant style to your kitchen that's easy on the eyes. And at a fraction of the cost of granite, easy on the budget, too.

WilsonArts' Decorative Edge

A soft curve that mimics the "bullnose" granite edge, this versatile edge blends into most any kitchen design. The perfect finishing touch to your "I can't believe this isn't real granite" countertop.

Beveled Edge

Strong, crisp angles enhance the solid stone look with a classic look and feel. The 45 degree angle "cut" reflects light for a defined border that smartly frames your countertop.
